## SUMMARY

Full Stack Developer skilled in React.js, Python, MySQL, and AWS. Experienced in building scalable web apps, blogging platforms, and marketplaces. Passionate about problem-solving and seamless user experiences.

## TECHNICAL SKILLS

- **Programming Languages:** Python, Java, C++, JavaScript, C
- **Technologies/Frameworks:** React JS, AWS, Git, **Databases:** SQL,Mongodb
- **Web Development Technologies:** HTML, CSS, Bootstrap, Flexbox, **Core**
- **Concepts:** Data Structures, Algorithms
- **Design:**Figma,Canva,Photoshop,videoediting
- **Backend:**Node JS,Express JS

## EXPERIENCE

**NIELIT-AWS Intern**                                                     **Jun 2024 - Aug 2024**

- Designed and implemented a static blogging platform, allowing users to create, edit, and manage blog posts efficiently.
- Gained hands-on experience in AWS, enhancing EC2(Server),S3,VPC Technologies

## PROJECTS

### Blog Pulse

- Built a responsive blogging platform using HTML, CSS, and JavaScript, enabling users to publish and manage blog posts with ease.
- Leveraged AWS services such as EC2, S3, and VPC to deploy and secure the website, ensuring high availability and data integrity.

**Technologies used : HTML,CSS,Javascript,EC2,S3,VPC**

### Music Web

- Developed an interactive music website using HTML, CSS, and JavaScript, allowing users to explore and play various music tracks.
- Designed a visually engaging and responsive interface to ensure accessibility across different devices.

**Technologies used : HTML,CSS,Javascript**

## EDUCATION

| | | |
|---|---|---|
| 2022-2026 | Bachelor's Degree at SRKR Engineering College | GPA:7.7/10 |
| 2020-2022 | Class 12th BIEAP Board | (94.1 Percent) |
| 2019-2020 | Class 10th CBSE Board | 68.9 percent |

## CERTIFICATIONS

- **Pradhan Mantri Kaushal Vikas Yojana (PMKVY):**Completed a certified course under the PMKVY scheme, focusing on skill development in **Java**. Earned a certification, showcasing skills in coding, algorithms, and
- Python best practices in **Hackerank**
- Successfully participated in SIH 2024, developing a deepfake detection solution and collaborating on real-world challenges.

## ACHIEVEMENTS

- **coordinated activities within the college coding club, fostering a collaborative environment for students to enhance their coding skills**

## HOBBIES

- Photo & Video Editing
- Reading Books
